PRODUCT CATALOGUE

## A LITTLE BIT ABOUT OUR BREAD

Danish-produced quality is what best characterises bread and cakes from Miss Bagel.

For example, we bake with Naturaks-brand flour. This means that the flour is grown without the use of straw shorteners and anti-wilting agents. A conscious choice on our part. A choice we firmly believe will benefit people, animals and nature in the long run.

We have also minimised the number of e-numbers in our ingredients and always use the purest raw ingredients wherever we can.

We only use pure butter in our Brioche burger buns and in all our cakes and cookies. We also only use real cheddar cheese for our Chilli Cheddar Bagel.

All our bagels are made from original American recipes and we are constantly striving to improve and find exciting new varieties.

Everything takes place in Denmark. This is where we bake our bread and cakes and send it out to the whole Nordic region.

Bake yourself

## DIY

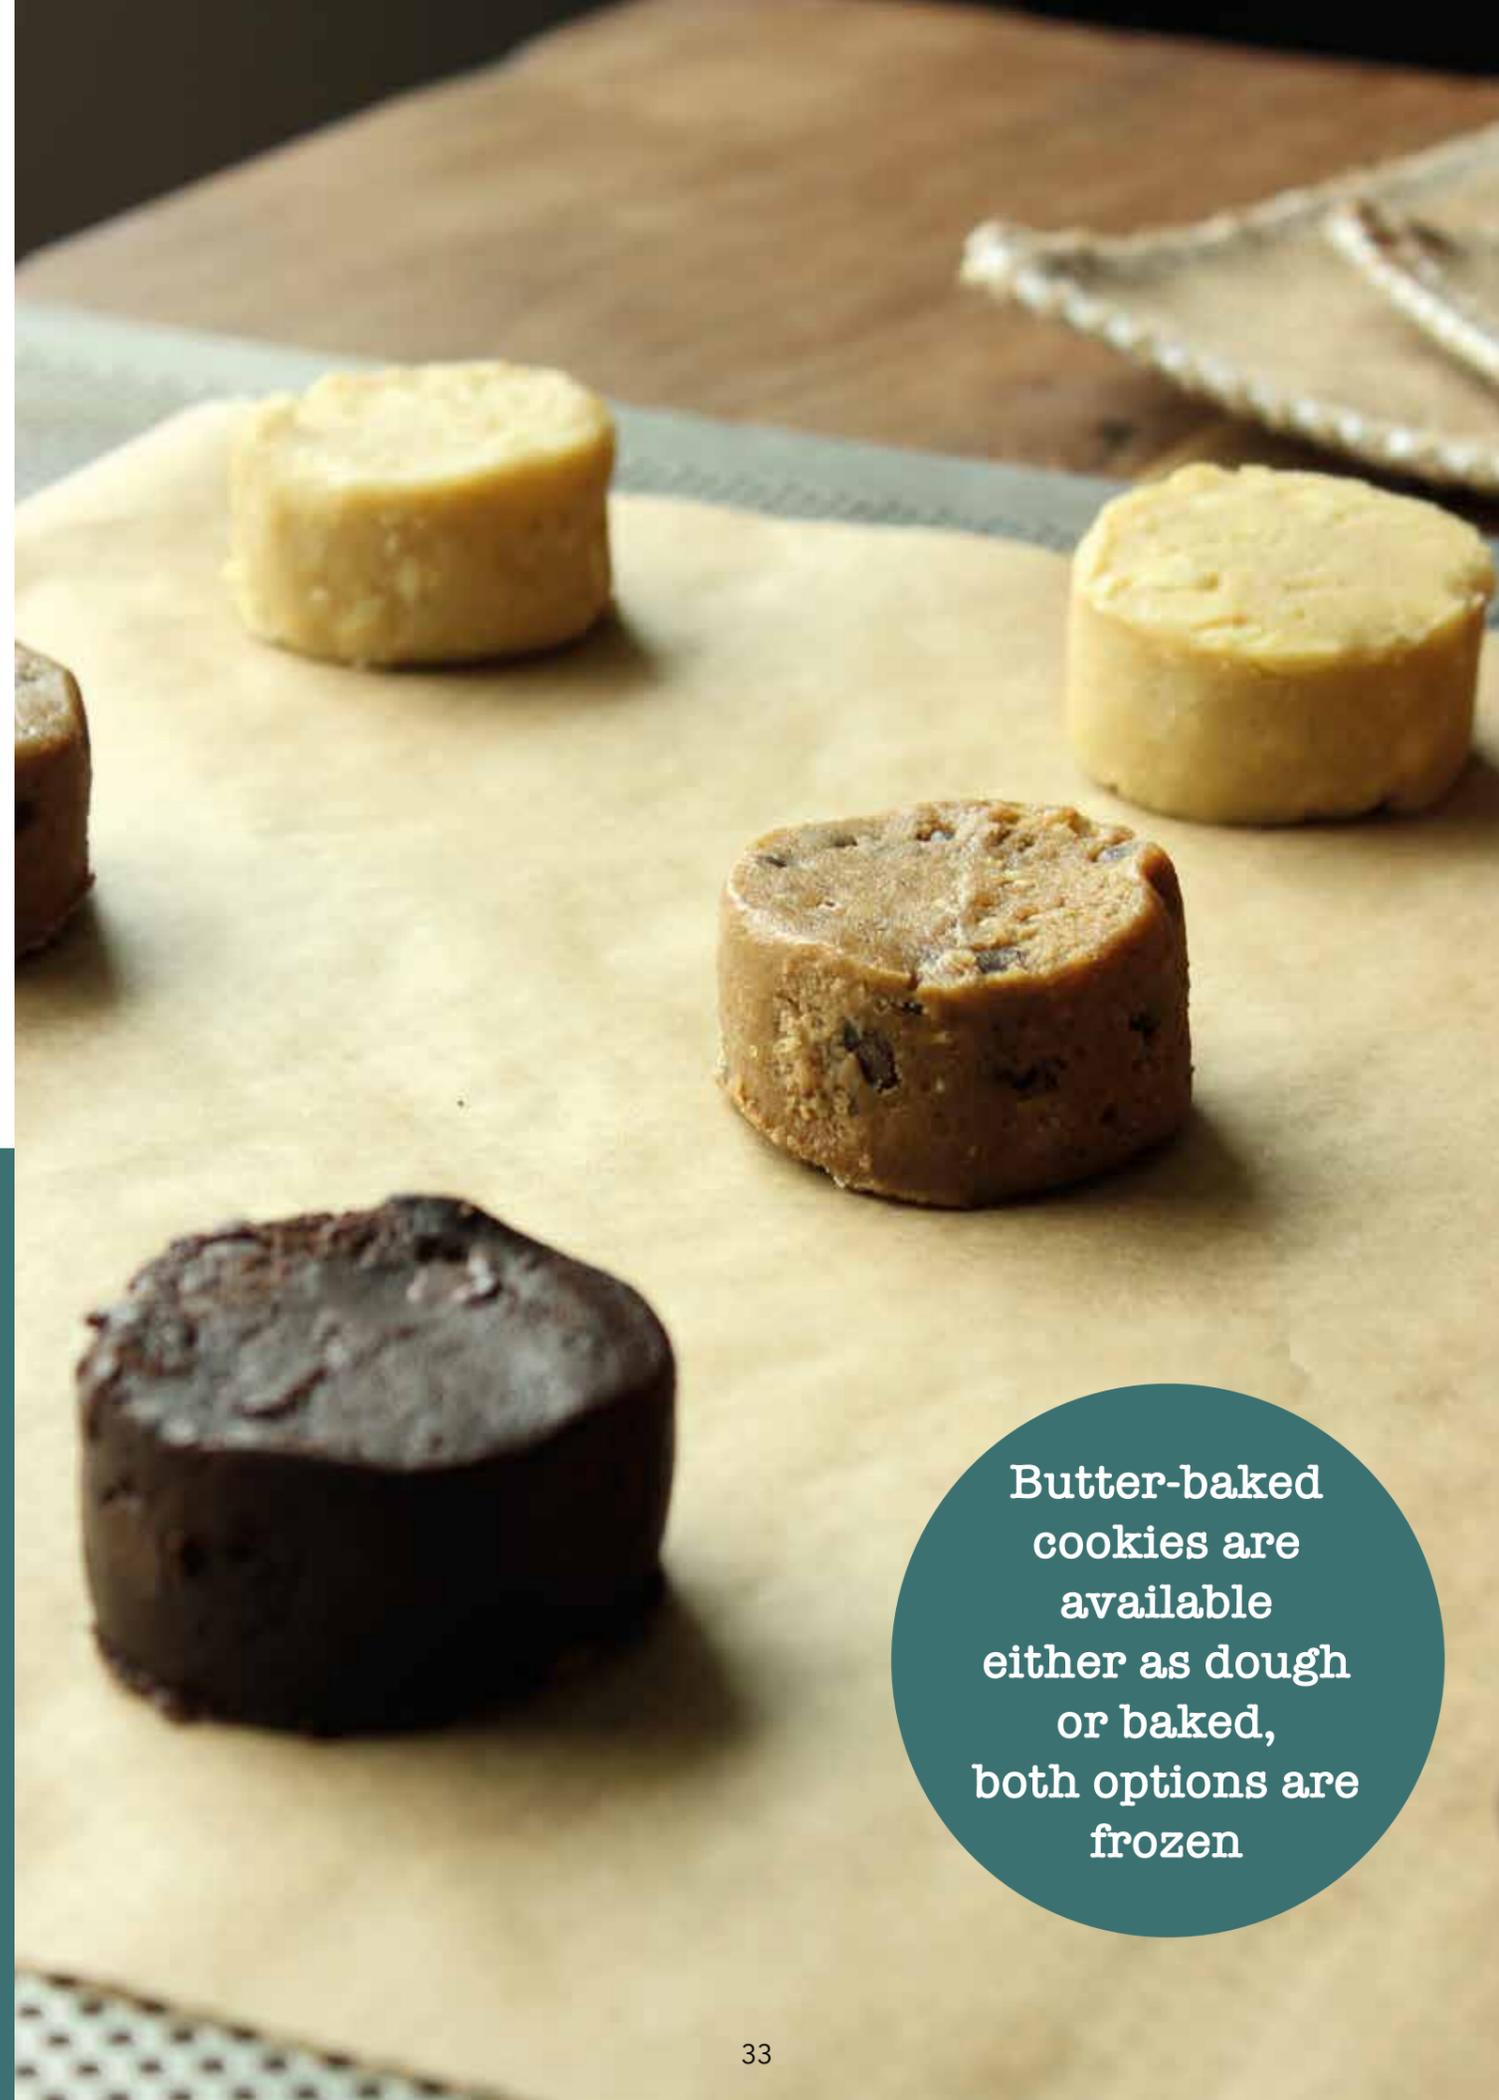

### Preparation

#### HOW TO BAKE THE PERFECT COOKIE

Thaw the dough (best done overnight in the fridge).

Set the oven to 175° (fan-assisted oven is best). Divide the cookie dough up on a baking tray with baking parchment. There must be approx. 15 cm between each cookie. Place the tray with the cookies in the centre of the oven and bake for approx. 15 minutes. The dough will "melt" and flatten out in the oven to measure approx. 10 cm.

Once the cookies are baked, let them cool on a cooling rack.

Butter-baked cookies are available either as dough or baked, both options are frozen
